Double Barrel is the best two barrels of the vintage – the most serious, the most intense – a bit untamed but undeniably delicious.

Winemaker Alison Doran's Tasting notes:

The aroma is dark and serious - dark chocolate and chewy black cherry – you can smell the deep structure of the wine and get prepared for what is coming. The palate is huge, rich, jammy and viscous. You can practically bite into it. Yet the tannins are not aggressive, and the fig jam, black cherry and hints of violet and sage keep it supple.
